DIEGO NOEL GALARZA MEZA

Frontend Developer

 Guadalajara, Jal. | diegongmeza142002@gmail.com | +52 332 244 1124 | https://github.com/Diego-NG-Meza

PROFESSIONAL PROFILE

Computer Systems Engineering student specialized in frontend development. Experienced in React, JavaScript, and responsive design. Participated in projects focused on modern interfaces, optimized user experience, teamwork, problem-solving, and continuous learning of new technologies.

EXPERIENCE

WorkCare *May 2025*
Intelligent safety system that detects the use of PPE by workers through surveillance cameras and a YOLO model. Developed a real-time monitoring dashboard and responsive landing page using React + Vite and Tailwind CSS.

Obra Exacta *May - October 2024*
Comprehensive construction platform with three modules: ecommerce for materials, area calculator for brick estimation, and professional hiring system. Implemented complete frontend with HTML5, CSS3, JavaScript, and Bootstrap.
